EDITORIALS

The Editor's offering

Davis M
2009;39(1):1.
2009;39(2):62.
2009;39(3):125.
2009;39(4):192.

The Presidents' pages

Bennett M
2009;39(1):2.
Brubakk AO
2009;39(1):3.
Germonpré P
Medical society, research, editorials, general interest
2009;39(4):191-2.

Health Surveillance

Davis M
Occupational diving, occupational health, medicals –
diving, health surveillance, editorials
2009;39(2):105.

INVITED EDITORIALSThe further development of medical support for
professional diving

Elliott D
Occupational diving, occupational health, health
surveillance, training, editorials.
2009;39(2):61-2.

What if Darwin had been a diver?

Sayer MDJ
Editorials, biology, marine animals, general interest
2009;39(4):189-90.

ORIGINAL ARTICLESProvisional report on diving-related fatalities in Australian
waters 2003

Diving deaths, scuba, breath-hold diving, surface-supply
breathing apparatus (SSBA), diving accidents, case
reports
Walker D, Lippmann J
2009;39(1):4-19.

Analysis of a complex recreational scuba diving accident:
French Pass, New Zealand, 2000

McGeoch G, Davis FM
Diving, accidents, scuba accidents, diving deaths,
decompression illness, legal and insurance, case
reports
2009;39(1):20-8.

Using a Delphi technique to rank potential causes of scuba
diving incidents

Buzzacott P, Rosenberg M, Pikora T
Diving accidents, scuba accidents, ascent, buoyancy,
risk factors, survey
2009;39(1):29-32.

Hyperbaric chamber attendant safety I: Doppler analysis of
decompression stress in multiplace chamber
attendants

Cooper PD, Van den Broek C, Smart DR, Nishi RY,

Eastman D

Decompression, decompression sickness, bubbles,
Doppler, nursing, hyperbaric facilities, occupational
health
2009;39(2):63-70.

Hyperbaric chamber attendant safety II: 14-year health
review of multiplace chamber attendants

Cooper PD, Van den Broek C, Smart DR
Decompression sickness, barotrauma, ear barotrauma,
hyperbaric facilities, nursing, occupational health
2009;39(2):71-6.

Time course of the reduction in nitric oxide concentration in
exhaled gas after exposure to hyperbaric hyperoxia

Kjelkenes I, Thorsen E
Hyperbaric oxygen therapy, inflammation, lung
function, oxygen toxicity
2009;39(2):77-80.

Analysis of two datasets of divers with actual or suspected
decompression illness

Sayer MDJ, Ross JAS, Wilson CM
Clinical audit, decompression illness, decompression
sickness, diving, recompression, treatment,
hyperbaric oxygen therapy, outcome
2009;39(3):126-32.

The long-term effects of compressed gas diving on lung
function in New Zealand occupational divers: a
retrospective analysis

Sames C, Gorman DF, Mitchell SJ, Gamble G
Occupational diving, lung function, pulmonary function,
health surveillance, occupational health,
medicals – diving
2009;39(3):133-7.

Provisional report on diving-related fatalities in Australian
waters 2004

Walker D, Lippmann J, Lawrence CL, Houston J, Fock
A
Diving deaths, scuba, breath-holding diving, surface-
supply breathing apparatus (SSBA), diving
accidents, case reports
2009;39(3):138-61.

Oxygen-conserving effect of the diving response in the
immersed human

de Bruijn R, Richardson M, Schagatay E
Breath-holding diving, freediving, diving reflex,
immersion, vasoconstriction, oxygen consumption
2009;39(4):193-9.

Musculoskeletal decompression sickness and risk of
dysbaric osteonecrosis in recreational divers

Gempp E, Blatteau J-E, Simon O, Stephant E
Diving, decompression sickness, dysbaric osteonecrosis,
magnetic resonance imaging (MRI)
2009;39(4):200-4.

Dive problems and risk factors for diving morbidity

Buzzacott P, Denoble P, Dunford R, Vann R
Diving accidents, risk factors, buoyancy, scuba diving,
DAN – Divers Alert Network
2009;39(4):205-9.

Genitourinary infection and barotrauma as complications of 'P-valve' use in drysuit divers
Harris R
Drysuit, technical diving, infectious diseases, barotrauma, genitourinary tract, equipment, case reports
2009;39(4):210-2.

SHORT COMMUNICATION

The impact of performing spirometry on shunting across a patent foramen ovale
Maddox IEC, Smart DR, Bishop WLJ
Patent foramen ovale (PFO), echocardiography, scuba diving, decompression illness, pulmonary function
2009;39(4):213-5.

TECHNICAL ARTICLES

Oxygen sensor signal validation for the safety of the rebreather diver
Sieber A, L'Abbate A, Bedini R
Rebreathers/closed circuit, oxygen, monitoring device, equipment
2009;39(1):38-45.

Malfunction of the Siaretron 1000 Iper™ hyperbaric ventilator
Bothma PA, Brodbeck A, Bapat U
Ventilators, equipment, hypoxia, barotrauma, safety, hyperbaric facilities
2009;39(1):45-7.

REVIEW ARTICLES

Adjunctive therapy for decompression illness: a review and update
Moon RE
Decompression illness, decompression sickness, diving accidents, air embolism, first aid, treatment, review article
2009;39(2):81-7.

Predicting performance in competitive apnoea diving. Part I: static apnoea
Schagatay E
Breath-hold diving, oxygen consumption, diving reflex, pulmonary function, physiology, review article
2009;39(2):88-99.

The role of intra-vascular bubbles and the vascular endothelium in decompression sickness
Brubakk AO, Møllerløkken A
Decompression, bubbles, Doppler, endothelium, stress, exercise, review article
2009;39(3):162-9.

Therapeutic agents from the sea: biodiversity, chemo-evolutionary insight and advances to the end of Darwin's 200th year
Newman DJ, Cragg GM, Battershill CN
Marine animals, biology, ecology, pharmacology-marine, drugs, malignancy, general interest
2009;39(4):216-25.

Scuba divers' pulmonary oedema. A review
Edmonds C
Immersion, scuba diving, pulmonary oedema, review article
2009;39(4):226-31.

CASE REPORTS

Saturation treatment in shore-based chambers for divers with deteriorating cerebro-spinal decompression sickness
Wilson CM, Ross JAS, Sayer MDJ
Recompression, saturation treatment, heliox, hyperbaric oxygen therapy, cerebro-spinal decompression sickness, divers, diving
2009;39(3):170-4.

Severe Irukandji-like jellyfish stings in Thai waters
Fenner PJ, Lippmann J
Envenomation, jellyfish, marine animals, case reports
2009;39(3):175-7.

THE DIVING DOCTOR'S DIARY

Scuba diver's pulmonary oedema. A case report
Edmonds C
Immersion, scuba diving, pulmonary oedema, case reports.
2009;39(4):232-3.

THE WORLD AS IT IS

Emergency recompression: clinical audit of service delivery at a national level
Ross JAS, Sayer MDJ
Clinical audit, decompression sickness, decompression illness, recompression, hyperbaric oxygen therapy, outcome
2009;39(1):33-7

Problems of a preclinical treatment algorithm for diving accidents: analysis of the Swiss hyperbaric situation
Wendling J, Nussberger P, Wölfel C
Diving accidents, decompression illness, first aid, hyperbaric facilities, policy
2009;39(2):100-3.

British Sub-Aqua Club diving incidents report 2008 (Cumming B)
Wilson CM
[no keywords]
2009;39(4):234-5.

OPINION

Health surveillance of employed divers
Diving Medical Advisory Committee statement on health surveillance of commercial divers
Occupational diving, occupational health, medicals – diving, health surveillance, reprinted from
2009;39(2):104.

Medical Examination of Divers – Asia-Pacific Initiative
Information note D 09/07
2009;39(2):105.

Is it enough to be 'Fit to dive'?

Elliot DH, Millar IL
Occupational diving, occupational health, medicals – diving, health surveillance, medical database, questionnaire
2009;39(2):106-7.

Diving or commuting?

Ross JAS
Occupational diving, injuries, occupational health, medicals – diving, health surveillance, medical database, questionnaire
2009;39(2):107-8.

Routine occupational dive medical examinations

Gorman D, Sames C, Mitchell S
Occupational diving, occupational health, medicals – diving, health surveillance, medical database, questionnaire
2009;39(2):109-10.

The Pisa Inter-University Initiative for the medical and physiological support of complex and deeper diving

L'Abbate A, Elliott D
Occupational diving, occupational health, medicals – diving, health surveillance, medical database, meetings
2009;39(2):110-1.

LETTERS TO THE EDITOR

Australian scuba diving fatalities and decompression sickness: erratum and further analysis.

Lippmann J
Diving deaths, scuba diving, data, epidemiology, letters (to the Editor), erratum
2009;39(1):48.

Online literature database for diving and hyperbaric medicine

Davis M
Data, underwater medicine, hyperbaric research, writing – medical, medical society, letters (to the Editor)
2009;39(3):178.

Death from breath-hold diving

Walker DG
Breath-hold diving, freediving, safety, deaths, writing – medical, letters (to the Editor)
2009;39(3):178-9.

Reply: Increased reporting improves safety

Schagatay E
Breath-hold diving, freediving, safety, deaths, writing – medical, letters (to the Editor)
2009;39(3):179.

BOOK AND JOURNAL REVIEWS

Hyperbaric medicine practice, 3rd edition

(Kindwall EP, Whelan HT, editors)
Richardson K
[no keywords]
2009;39(1):49-50.

Physiology and medicine of hyperbaric oxygen therapy

(Neuman TS, Thom SR, editors)

Davis FM

Hyperbaric oxygen therapy, textbook, book reviews
2009;39(2):112-3.

Textbook of hyperbaric medicine, 5th edition

(Jain KK, editor)

Prohaska R

Hyperbaric oxygen, treatment, indication, textbook, book reviews
2009;39(3):180.

Medicine for the outdoors. The essential guide to first aid and medical emergencies, 5th edition

(Auerbach PS, editor)

Inglis S

First aid, general interest, book reviews
2009;39(4):236.

ARTICLES OF INTEREST REPRINTED FROM OTHER SOURCES

The effects of high altitude on relative performance of dive decompression computers [Abstract]

Buzzacott PL, Ruehle A

Altitude, computers – diving, decompression, performance, reprinted from
2009;39(2):87.

CONTINUING PROFESSIONAL DEVELOPMENTContinuing professional development and continuing medical education in *Diving and Hyperbaric Medicine*

Bennett M

MOPS (maintenance of professional standards), scuba diving, inner ear decompression sickness, inner ear barotrauma
2009;39(3):181-3.
